The Brilliant Club’s Scholars Programme gives pupils from non-selective state schools the opportunity to work with a PhD researcher to experience university style learning. It helps pupils develop the skills, knowledge and confidence to secure a place at a highly-selective university. We work with pupils from aged 10 to 18, supporting pupils to make an informed choice at 18.

The Scholars Programme offers:
- Challenging supra-curricular courses taught by a world-class researcher
- Experience of university-style learning in small group tutorials
- Two visits to highly-selective universities

Why get involved?
- Develop key university readiness skills, including critical thinking and metacognition
- Scholars Programme graduates are almost twice as likely to progress to highly-selective universities (UCAS evaluation, 2019)
- Robust impact reports showcasing progress towards Gatsby Benchmark 7
- Cited as an effective use of Pupil Premium by Ofsted

A national movement

- 800 Schools
- 40 Partner universities
- 15,000 Pupils across the UK
The Scholars Programme
School Impact Report

All pupils complete a challenging final assignment pitched one key stage above their current level. Tutors provide one-to-one feedback in tutorials 6 and 7. Assignments are marked and moderated with university gradings.

Programme planning
A lead teacher at the school will be supported by a Scholars Programme Officer to plan the programme.

In-school tutorials
Their PhD tutor visits the school on a weekly basis to deliver tutorials 2-6. Pupils each receive a course handbook to support them through the programme. Pupils also have access to a virtual learning environment to get support from their tutor.

Course examples
The courses your pupils complete will be unique to the tutor who is working with them, but the examples provide a flavour of the exciting courses pupils could experience.

Pupil selection
The Brilliant Club requires that at least 55% of pupils registered on the programme fulfil at least one of the following criteria:
- Pupil premium eligible
- No parental history of higher education
- Deprivation according to postcode

Pupil journey

Launch trip
A visit to a highly-selective university to meet their PhD tutor, experience their first tutorial and learn about university life.

Programme impact
Independent analysis by UCAS shows that 56% of Year 12 pupils that completed The Scholars Programme progressed to a highly-selective university, compared to only 30% of pupils with similar backgrounds. This is a sizeable and statistically significant difference.

How to get your school involved:
The school contribution is £175 per pupil, a total of £2,100 per placement, which consists of 12 pupils. This cost is subsidised through contributions from our university partners and external grants and donations.

Schools can sign up at any time in the school year. However, we advise signing up in advance of the deadlines below:
