

Brilliant Tutoring Programme – 2021-22

The Brilliant Club is a National Tutoring Programme provider through our Brilliant Tutoring Programme. We are taking part in the national catch-up effort so pupils can access a future they deserve. The programme aims to **re-engage** and **rebuild** pupils' confidence in core subjects by working with a subject expert.

Courses

Key stage 3 and 4

English

Maths

Physics

Key stage 4 only

Biology

Chemistry

Brilliant Club Tutors

- Our **post-graduate tutors** have been rigorously assessed and undergone extensive training
- As **subject experts**, they can support pupils to catch-up as well as build understanding about university study and inspire them in that subject beyond the curriculum

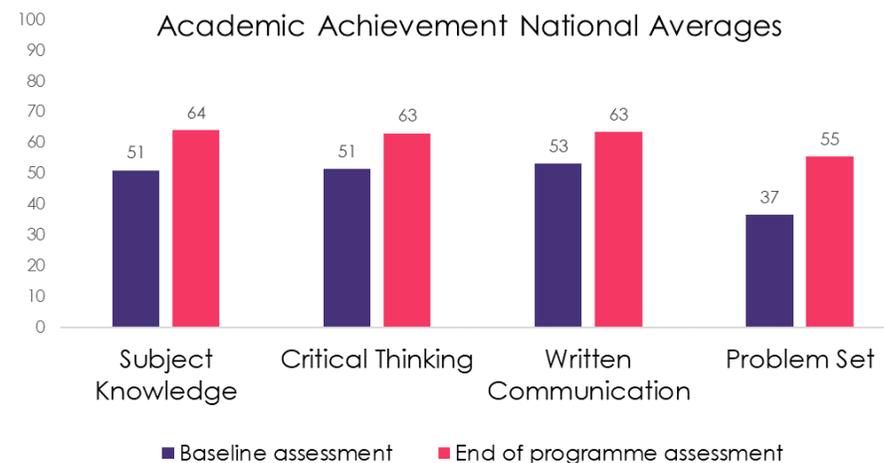

Course content

- Courses contain 5 curriculum-focused modules.
- Teachers work with tutors to **select 3** modules to best support the needs of the tutorial group.
- Pupils complete formative assessments throughout the programme.
- Courses aim to support, stretch and challenge mid-high attainers to catch-up.
- As well as building subject knowledge, courses build critical thinking, meta-cognitive and communication skills.
- Courses have been designed in partnership with curriculum experts across the sector.

Impact

Schools receive an impact report detailing individual pupil progress, including comprehensive written feedback from tutors.

We are proud of our track record of significant & sustained impact. In our first year of the Brilliant Tutoring Programme we have worked with over 8000 pupils and seen clear improvement across a range of academic outcomes. (see figure below)

More than 8 in 10 pupils agreed that;

'Learning with my tutor has helped me understand things I struggled with before'

Delivery

- Tutorials mainly delivered online with in-person delivery available in limited geographic locations. All placements can be switched to online in the event of school closures.
- 1 tutor will be allocated to a subject placement of 6 pupils, with teaching groups of **1:3**.
- **15 1-hour** tutorials split across up to **8 weeks**.
- We will facilitate close communication between tutors and lead teachers throughout the programme.

	Autumn	Spring	Summer
Programme running:	October – December	January - April	April - July
Sign up by:	September	20 th November	22 nd February

Delivery Timelines

Schools can run the programme on various timelines, examples below;

2 tutorials/week - 7.5 weeks

4 tutorials/week - 3.5 weeks.

We recommend before or during school as data from 2021-22 suggests higher attendance during these times, leading to higher learning impact.

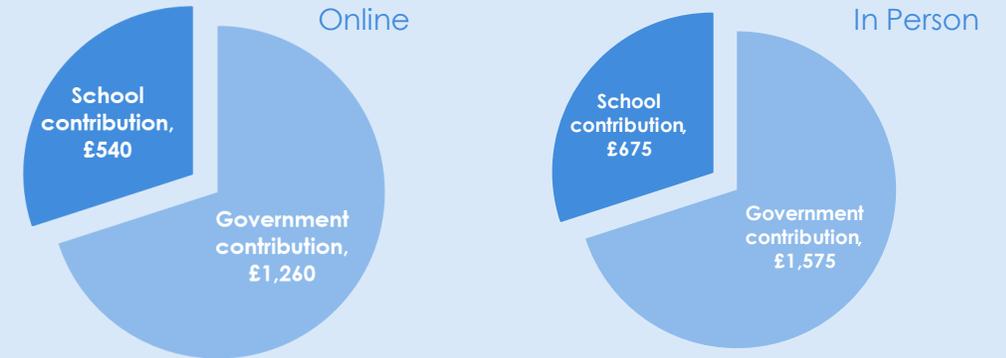

Funding Routes for 2021-22

There are two ways that schools can fund the Brilliant Tutoring Programme for 2021-22:

Tuition Partner Hub

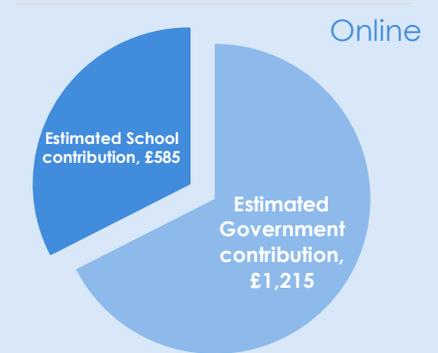

Schools book tuition and track the programme through the Tuition Partner hub. There is a 70% government subsidy for schools in England to contribute towards the cost of the programme. The remaining 30% of costs is invoiced directly to schools.

For further information visit: <https://nationaltutoring.org.uk/tuition-partners/>

School-Led Tutoring

Schools sign up directly with The Brilliant Club and report directly back to the Department for Education. Schools are allocated a ring-fenced grant to cover a proportion of the cost of the programme. This is an estimated split based on government average contributions and may differ school to school.
