The Organisation

The Brilliant Club works across the UK, supporting less advantaged students to access the most competitive universities, and to succeed when they get there. For the first time, we will also support students on their university journey. We will work with 11,000 undergraduates to transition and succeed at university.

The Opportunity

We are excited to be recruiting PhD Coaches to support students at university on the pilot of our new programme, Join the Dots. During the programme, PhD Coaches support a group of 8 undergraduates to develop study strategies and their sense of belonging during their first term at university through group sessions, 1:1 sessions and meetings with students and their school.

Tutors working with us will:

- Support undergraduates from less advantaged backgrounds to make the transition from school to university
- Get expert training and real experience to develop their coaching and other transferable skills
- Join a nationwide community of researchers making a significant impact on supporting students to succeed at university
