# Make your Mark - Theory of Change

## Mission
The Brilliant Club’s Make your Mark programme has been created to boost attainment for less advantaged students, through small-group tutoring for Year 10 students and teacher CPD.

## Inputs
- Trained undergraduate tutors
- Small groups of Year 10 students
- Science of learning approach

## Activities
- **x12 Student tutorials**
  - Focused on English or Maths KS4 curriculum
  - Students learn how to use effective study strategies across the curriculum
- **x2 Teacher CPD sessions**
  - Covering the evidence behind the science of learning and practical tips for classroom teaching

## Outputs
- Subject assessment before and after the programme
- Impact report showing students' progress

## Outcomes
### Student outcomes
Assessed via pre and post assessment:
- Academic self-efficacy
- Using effective study strategies
- Subject knowledge

### Teacher outcomes
Improved confidence in applying science of learning approaches within the classroom

### Impact
Higher GCSE attainment compared to students not taking part
